

Welcome to the Verke Innobox!

The idea for Verke's Innobox came to life at a seminar where Adobe presented its innovation box, the Kickbox. However, this was not directly applicable to Finnish youth work, so we decided to develop our own version. We hope as many people as possible working with young people will adopt this Innobox as a tool. Innobox enables organisations to create new things or improve old ones. So take up the challenge and create something new – perhaps something amazing!

Innobox has been published under the Creative Commons Attribution-ShareAlike 4.0 International licence. This means that you can freely modify and republish this material (including for commercial purposes). You must include this same licence in your work, and you must mention Verke as the original author of the work. All of the files are available at www.verke.org/innoboksi.

*This package has been made by Marcus Lundqvist and Mimmi Mäkinen-Kokkonen from Verke.
Graphic design and layout by Sofia Wilkman (sofiawilkman.fi).*
